

Marine Licence Applications

Report No 34. 2 Jan 2020

This report covers applications submitted since 1 November 2019 for work in the Solent, not included in previous reports. It excludes applications for the burial of human remains at sea.

1. Applications open for consultation

Case Information	Project Type	Project Title	Locations	Applicant Name	Submitted	Latest Decision	Consultation Closing
MLA/2019/00499 Submitted	Application - Construction of new works, Maintenance of existing works	Quay Wall Replacement, Sparkes Marina, Chichester Harbour	Chichester harbour	Marina Developments Ltd	27-Nov-19		15-Jan-20

2. Details of application open for consultation

Sparkes Marina is located at the south east corner of Hayling Island, and sits on an artificial promontory that extends out into Chichester Harbour.

The promontory is retained by a steel sheet piled wall and a masonry quay wall. Ongoing monitoring has identified that the wall is in need of replacement as it has suffered significant deflection over the past few years and will eventually collapse. The wall retains a section of the boat yard which will

become unusable if the repair works are not carried out in the very near future.

Should this wall not be repaired in a timely fashion there is a risk of collapse, which would render the marina and boatyard unusable, preventing any further marine business activities at this site.

It is proposed that a new steel sheet piled wall will be installed immediately in front of the existing masonry wall, and the void infilled with new granular material. At a minimum the foundations of the existing wall will remain as it is not possible to remove them without significant environmental impact, therefore the new wall will be offset slightly from the existing wall.

3. Applications already completed by MMO

Case Information	Project Type	Project Title	Locations	Applicant Name	Submitted	Latest Decision
MLA/2019/00472	Application - Other deposits	`Emergency` Shingle Beach Recharge	Hurst Castle	English Heritage Trust	07-Nov-19	30-Dec-19
