

# Marine Licence Applications

## Report No 59. 1 April 2022

This report covers applications submitted since 1 January 2021 for work in the Solent, not included in previous reports. It excludes applications for the burial of human remains at sea.

### 1. Applications open for consultation

Case Number	Project Type	Project Title	Locations	Applicant Name	Consultation Closing
MLA/2021/00079	Application- Other Deposits	Scientific Instrument Deployment	Hayling Island	Havant Borough Council	11 May 2022

### 2. Summary of Applications open for consultation

Please see Enquiry ENQ/2022/00022. Intention is to deploy water quality monitoring instruments, tethered to an appropriate weight on the seabed, with a small surface buoy to mark the position and to hold the instrumentation suspended in the water column.

Programme of works

Deployment in early / mid March 2022. It is intended that the instrument be in situ for 12 months.

Deployment would be from a small workboat, and take place around slack water. The vessel would be on site for deployment for approximately 1 hour. Similarly for recovery.
